

**REMARKS**

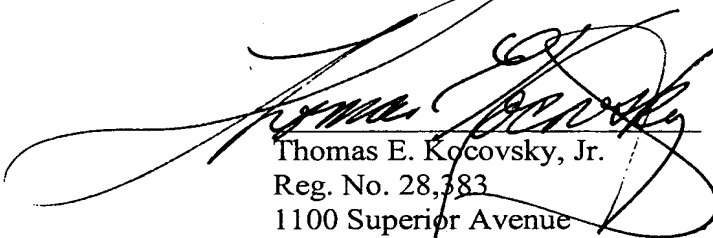

This amendment is to remove multiple dependencies from the claims and make minor amendments to the specification to place the application and claims in better form for examination and an early allowance.

The applicants enclose a substitute sheet 1 of the drawings in which boxes 12, 14, and 16 have been labeled in accordance with the terminology found in the first paragraph of the detailed description on page 5 of the application. Early approval of the substitute drawings is requested.

An early examination and allowance of all claims is requested.

Respectfully submitted,
